FOR IMMEDIATE RELEASE

AXENT.CONNECT. Getting in touch with tomorrow

How can a bathroom connect sound, light, water and electricity and change your bathroom experience? AXENT.CONNECT offers you a bespoke bath experience by simplifying your tedious daily routine with smart technology.

AXENT.CONNECT puts you in control of your bathroom experience at the touch of your fingers. With the help of an intelligent mirror, wall control panel or even a mobile telephone.

Toilet

Choose "*Toilet*" mode – the toilet light automatically turns on, the toilet lid opens and the ventilator begins to work.

Bathtub

Choose "*Bath*" mode – the bath light and your favourite music are automatically switched on. Your bath towel and bathrobe are dried and sterilized in the smart cabinet.

Shower

Choose "*Shower*" mode – the shower light and your favourite music are automatically switched on. Colder water in the pipes is drained so that you can enjoy your preferred water temperature immediately. Your bath towel and bathrobe are dried and sterilized in the smart cabinet.
